

# Help Keep our Community Informed!

MCS wants to keep you informed! Are you wondering what events are scheduled at Milford Central School? What days are we closed for the upcoming holiday break? If the Wildcats won the game last night? When the next Board of Education meeting is? MCS is an integral part of our community and better communication will help us build relationships and stay connected.

In order to provide you with real time information, we are pleased to announce our goal for a state of the art digital sign to be installed in front of the school! Our current sign is created by hand, with letter tiles and provides little information. MCS is allocating funding through various platforms and has partnered with Milford Education Foundation for the cost of this innovative addition, but we need your help to cross the finish line! The digital sign lit during the day with advanced dimming features offers the following benefits that will allow us to communicate with you more effectively.

1. **Better Awareness of Upcoming Events and Essential Information** - We are all busy and our schedules are full. It is easy to forget everything that is happening at school, but a digital sign offers a bright and eye-catching reminder of what is coming up. Many of us will see it first thing in the morning when we arrive at school.
2. **Calendar Updates** - Emergency closings and holiday break schedules.
3. **Recognize Accomplishments** - Share the many proud accomplishments of our students, staff and parents.
4. **Reach a Large Audience** - Ability to reach our entire community, including those who do not have internet or Facebook access.
5. **Increase Attendance** - Increase community support at our athletic games and events.
6. **Cost Efficiency** - Uses LED lighting and will be low cost.
7. **Real Time Customized Information** - Ability to edit and schedule information 24/7.

Please consider making a contribution as it will make a big impact on reaching our goal.
